SECTION A - SUPPLEMENTAL INFORMATION

- The purpose of this amendment is to make the following clarifications to the solicitation and to extend the date set for receipt of proposals.

 - As stated in Section M of the solicitation, the government will consider the waste acceptance criteria of the disposal facility and would not send or expect the facility to receive material that would violate any license, permit, or waste acceptance criteria. If waste is being treated at a place other than the disposal site, the government will take the waste acceptance criteria of that site into consideration also. Offerors shall provide either a link to a web site where the government can obtain the receiving facility's most current waste acceptance criteria or a copy of those criteria with updates as they occur.
 - Reference clause 52.211-4510 in Section L: This is a mandatory AMC clause for all solicitations, but the government does not anticipate utilizing partnering for any resulting contracts for this solicitation.
- The time and date set for the receipt of proposals is extended to September 22, 2006, 2:00 PM CST. Proposals again may be sent by mail, FAX or email. It is the contractors responsibility to ensure that the proposal is to the correct destination by closing time.
- Offerors must acknowledge this amendment as well as amendments 0001-0003 to this solicitation.
